CARDS: Learn basic card moves including the Magician's Shuffle. Also learn how to make a spectator choose any card that you wish, find a spectator's freely chosen card lost in a deck, turn an entire deck into the spectator's chosen card and more!

COINS: Learn to vanish any coin with special vanishing moves!

ROPE: Learn to cut and restore any rope!

VANISH & REAPPEAR any small object like a silk or even water or sugar using a professional prop!

YOU WILL LEARN ALL OF THIS AND MORE!

Just about everything you will learn in this class is used as a part of a bigger effect or illusion. By taking this class, you will definitely have the necessary knowledge to continue your journey to becoming an entertainer!

Also, keep in mind that while learning magic is certainly fun, you are also developing life skills that will benefit you forever. Learning and performing magic will not only build confidence and self-esteem, but will also help your ability to speak in front of a large audience. THAT'S MAGIC!

Remember - Good Magicians NEVER REVEAL THEIR SECRETS!

All students of Main Street Magic & Fun will be given the Magician's Oath.
